Our Support Package

“IoSCM are friendly and supportive, giving you the guidance you need to select the right course for you - Stephanie Wilson”

As well as a first class qualification, you'll also receive unbeatable support from IoSCM. From the moment you enrol, to your final submission of work - we have a full workforce behind you, supporting you every step of the way.

Unlimited Tuition

Our team of tutors are selected for their proven industry expertise and dedication to the supply chain. From material creation and preparation of your learning experience, to providing you with additional insights and guidance during your units of study, they are the go-to people for your learning content queries.

Outstanding One-to-One Learning Support

In addition to the tutor team, we have a team of learning support advisors dedicated to ensuring your learning journey goes to plan. They will take you through the enrolment process, inductions to your course and have frequent catch ups with you throughout your studies to ensure you're on track and progressing well.

Online Learning Platform

When you enrol with IoSCM you'll gain access to a customised learning platform, with your specially selected units ready for you to begin your studies. In addition to your learning material, you can access self-tests, a huge library of resources and interact with other learners via our forums and direct messaging.

Assessment Options to Suit You

Flexibility doesn't stop with your unit selection; we offer 9 different assessment methods - allowing you to choose whether you'd prefer to showcase your new knowledge, utilise existing qualifications or evidence your skill set to meet our assessment criteria.

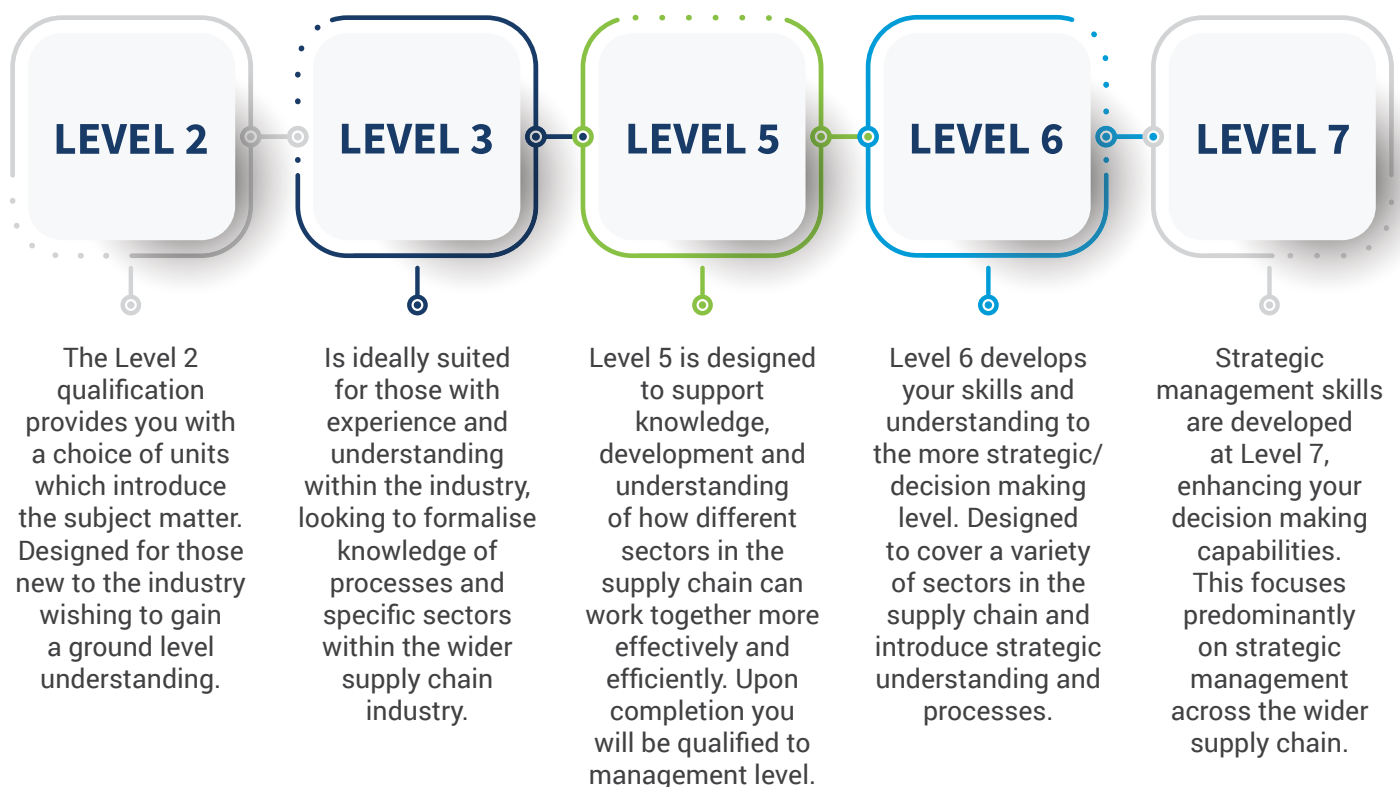

IoSCM Courses

Progress with IoSCM and reach your full potential.

With courses available from Level 2 up through to Level 7, we have the most beneficial level to suit your experience along with the ability to continue your career development with IoSCM.

How to Build Your IoSCM Qualification

STEP 5 Every qualification is available as **Supply Chain and Operations**, alternatively, based on the Group A unit you have selected you can opt for your corresponding sector title instead.

Here's an example of how to create an IoSCM qualification;

STEP 5 Your choice of "Level 2 Diploma in Supply Chain and Operations" or "Level 2 Diploma in Procurement"
